
must successfully complete the driver clearance process including all applicable background checks (refer to [PO.9 Motor Fleet Safety of the Staff and Administrator Policy Manual](#))

Procedures

For all positions, the hiring manager or his/her designee is responsible for checking professional references prior to an offer being extended. Any questions regarding whether references are satisfactory should be discussed with human resources.

All offers of employment (including internal transfers and promotions) contingent upon complete and satisfactory findings of all applicable background checks as defined in the Step Step process section of this policy. Background checks may include: social security number search, previous employers, sex offender registry, credit report, criminal records search, verification of academic credentials, driver license and driving record check, verification of occupational and professional licenses, drug/alcohol check, physical, and healthcare sanctions check. The office of human resources coordinates the collection of all background check information with a third party vendor.

In most cases, the results of all applicable background checks should be received and evaluated before the individual begins to work. In urgent situations requiring a rapid employment action and with the approval of the human resources office or the president for academic affairs an individual may begin to work pending successful completion of the background checks, provided that professional references have been checked.

Human resources, in consultation with the hiring manager and divisional vice president will determine whether the individual is suited for employment in the position for which he/she applied. If unsatisfactory results are reported, human resources is responsible for interacting with the applicant in these cases, and ensuring that the University is in compliance with the Fair Credit Reporting Act.

When appropriate, outside counsel and other relevant experts will be consulted and human resources may contact the prospective employee for additional information.
